PAVING & SETTS
2024 COLLECTION

WHAT MAKES OUR STONE PAVING & SETTS SPECIAL?

1. All British Materials

All our natural stone setts and paving are sourced locally, ensuring the highest quality and authenticity. By using local materials, we support the British economy and guarantee that our products are environmentally responsible, reducing the carbon footprint associated with long-distance transportation.

2. Handcrafted by Stone UK

Each piece of our natural stone setts and paving is meticulously handcrafted by our skilled artisans at Stone UK. Our team combines traditional craftsmanship with modern techniques to create products that are both beautiful and durable. This hands-on approach ensures that each stone is unique, reflecting the natural beauty and character of the raw material.

3. Environmentally Sustainable

Using locally sourced British stone not only supports local communities but also promotes sustainability. Our natural stone is an eco-friendly choice, with minimal environmental impact compared to imported materials. By choosing our products, you are making a conscious decision to support sustainable practices and reduce your environmental footprint.

Eco Stone Shield Stone Sealer

Eco Stone Shield Stone Cleaner

We offer a wide range of high quality adhesives and mortars along with other additional products to help in laying your stone sets and paving

With the help of these complementary products, you'll find it much simpler to ensure the longevity and beauty of your natural stone!

We advise that all natural stone is sealed to prevent build-up of environmental dirt, grime and algae, along with accidental spillages such as red wine, grease, coffee, paint and much more.

We offer a range of Eco Stone Shield products designed by us to help in sealing, cleaning and enhancing your natural stone.

Our Stone Shield products are environmentally friendly, non-hazardous and safe to use around children, pets, plants and aquatic life.
