### ECO STONE SHIELD GRIME & GREASE REMOVER PROFILE

A heavy duty cleaner that outperforms standard products	✓
Fast-acting	✓
Powerful degreasing properties	✓
Non-flammable, Non-corrosive	✓
Ecological water based ingredients	✓
Non-hazardous, environmentally friendly	✓
Biodegradable	✓
Ready & easy to use	✓
Highly versatile	✓
Suitable for all substrates	✓
Does not alter the aesthetic of the treated surface	✓

#### Untreated Surfaces

Stains can be tough to remove, penetrating deep into the pores of the surface.

#### Treated Surfaces

The application breaks down the grease on a molecular level reforming the surface to its natural state.

Available in 1 ltr, 5 ltr, 25 ltr and 1000 ltr

**Important:** The content of this documentation is based on our experience of the product. Eco Stone Shield guarantees the quality of its products, but expressly declines any liability in the event of failure by the user to comply with the recommendations and conditions of use of said products, notably but not exclusively in the event of incorrect application, application by unqualified personnel, use of products not compatible with Eco Stone Shield's products or bad weather conditions. For further information, refer to the Safety Data Sheet.

## APPLICATION

### ALWAYS TEST ON A SMALL AREA FIRST

1. Shake the container well before use. Eco Stone Shield Grime & Grease Remover is ready to use neat.
2. Apply using a sponge, cloth, hand sprayer, or scrubber-drier with agitation.
3. Leave for 5-30 minutes\* (time required varies depending on the size of the deposits and the thickness of the material being removed). Avoid allowing the product to dry prior to rinsing.
4. Wipe with a cloth or soft wipe and rinse off.

**\* If after this time the substance remains some abrasion with a brush may be required; start with increasing intensity.**

## RECOMMENDATIONS

- Repeat the application process up to 3 times where necessary.
- Keep in a dry place (between 5°C and 40°C).
- Do not apply during heavy rain or frost and when the surface and air temperature is less than 5°C and above 40°C.
- Storage: 24 months following the production date when kept in the original unopened container.
- Immediately after you have finished clean all tools and equipment with water.

Wear protective gloves and glasses, and appropriate clothing whilst using the product. Do not dilute or mix with any other product, notably bleach (risks of emission of toxic chloride gas).

***Once removed we recommend you clean area with Eco Stone Shield Stone Cleaner and seal with Eco Stone Shield Stone Sealer for future protection against stains.***

Once the area has been sealed minimal cleaning can be carried out using Eco Stone Shield Stone Cleaner as and when required.

---

### HEALTH AND SAFETY

- Under normal conditions of use where adequate ventilation is available, no special respiratory protection equipment is needed.
- Wear domestic gloves.
- Wear protective clothing over exposed areas of skin.
- Wear safety goggles.
- If swallowed do not induce vomiting. Contact a doctor or a specialist.
